1. The Shelby County 911 Emergency Communications Board (the "911 Board"); the City of Memphis, Tennessee (the "City"); Shelby County, Tennessee (the "County"); and the Shelby County Sheriff (the "Sheriff") have determined that the establishment and operation of a combined emergency communications facility would permit the elimination of duplicate facilities and communication equipment and systems while enhancing the quality of law enforcement, fire and emergency aid and medical services in Shelby County and would thereby promote the health, safety, and general welfare of the citizens of Shelby County.

2. The 911 Board; the City; the County; and the Sheriff have now entered into a Memorandum of Understanding (the "MOU"), attached hereto as Exhibit "C" and incorporated herein by reference, to effect the establishment and operation of the combined emergency communications facility.

3. Under the provisions of the MOU, the County is obligated to provide up to fifteen (15) acres of County owned real property, upon which to construct the new combined emergency communications facility, under a long term lease arrangement, at a rental rate that shall be fixed at \$ 1.00 per year for a term that is not less than the useful life of the same.

4. The County owns certain real property, being part of the old Shelby County Penal Farm property known as Area 10, located approximately 860' south of Haley Road and 1080' west of Farm Road, situated in the City of Memphis, County of Shelby, State of Tennessee, (the "County's Property").

5. The County is agreeable to lease to the 911 Board a fifteen (15) acre portion of the County's Property (hereinafter referred to as the "Property"), to provide a site for this new combined emergency communication facility, under certain terms and conditions. The Property and all of the improvements to be constructed thereon are hereinafter referred to as the "Facility".

NOW, THEREFORE, for and in consideration of the above stated purposes, the mutual covenants and agreements set forth herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

The construction of the initial improvements shall be started on or before March 31, 2005, or such later date as may be mutually agreed to in writing by the parties. Neither the 911 Board nor its employees will be liable under this paragraph for damages arising out of injury or damage to persons or property directly caused by or resulting from the negligence of the County or any of its respective officers, agents or employees.

20.02. The County shall have no obligation for the payment of any judgments or the settlement of any claims against the 911 Board or its subcontractors, agents or employees as a result of or relating to the 911 Board's obligations under this Agreement.

20.04 The 911 Board shall protect, defend, indemnify, and hold harmless the County from and against all liabilities, losses, costs, damages (including consequential damages), fines, suits, administrative proceedings, judgments, and expenses (including attorneys' and consultants' fees) (collectively referred to as "costs") which may be asserted, claimed or recovered against or imposed upon the Property, or the County, arising out of or in connection with the 911 Board's obligations hereunder, and; (i) applicable requirements of any environmental law; (ii) any environmental claims; (iii) the failure of the 911 Board or any subcontractor to obtain, maintain, or comply with any applicable environmental permit; (iv) the presence or existence of hazardous materials, including waste, at, on, about, under, within, near or in connection with the Property; (v) the transport, treatment, storage, collection, disposal or arrangement for the disposal of hazardous materials whether on the Property or originating from the Property and transported off site; (vi) any other obligations or actions of the 911 Board or any subcontractor pursuant to this contract. The 911 Board's obligations hereunder shall not be diminished or affected in any respect as a result of any obligation or action of County, taken pursuant to this contract unless such action is willfully improper or reckless, any notice or disclosure or other knowledge, if any, by the County of the presence or existence of hazardous materials at, on, about, under, within, near the Property in connection with this contract, nor shall County be deemed to have permitted any release of hazardous materials at, on, about, under, within, near the Property, in connection with this contract, or any other matter covered by the 911 Board's obligations hereunder, merely because County had notice, disclosure or knowledge thereof, whether at the time this contract is delivered or at any time thereafter.

In the event that any remedial work is necessary or required under any law because of, or in connection with, the presence, release or threatened release of hazardous materials in or into the air, soil, ground water or surface water at, on, about, under within or near any collection site as a result of or in connection with this contract shall, within twenty-four (24) hours after written demand for performance thereof by County (or such shorter period of time as may be required under any applicable law, regulation, order or agreement), promptly commence, or cause to be commenced, and thereafter diligently prosecute to completion, all such remedial work. All such remedial work shall be performed by the 911 Board or one or more subcontractors, reasonably approved in advance in writing by the County. The approval rights granted to the County in the immediately preceding sentence are limited to those necessary and reasonable to allow the County to protect its interests in the Property. All costs of such remedial work shall be paid by the 911 Board including, without limitation, reasonable costs incurred by the County in connection with the monitoring or review of such remedial work. In the event the 911 Board shall fail to promptly commence, or cause to be commenced, or fail to diligently prosecute to completion, such remedial work, County may, but shall not be required to, cause such remedial work to be performed and all costs of such remedial work shall become an obligation of the 911 Board under the contract.

If a Court finds that any provision of this Agreement is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to have been written, construed and enforced as so limited.

33. **No Waiver.** The failure of any party to enforce any provision of this Agreement shall not be construed as a waiver or limitation of that party's right to subsequently enforce and compel strict compliance with every provision of this Agreement.

34. **Approvals.** In all instances referenced in this Agreement in which an approval of one party is required, such approval shall be neither unreasonably withheld, delayed nor conditioned.

35. **Relationship.** Nothing in this Agreement shall be deemed to create a joint venture or partnership between or among any of the parties.
